## Synopsis

South Africa, Lesotho & Swaziland 1:1,400,000 Travel Map, waterproof, GPS-compatible REISE

This map is waterproof and tear-resistant, highly suitable for tropical conditions of South Africa, double-sided to provide the best balance between a good scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in) with topographic and tourist information. The map divides the country east / west with a generous overlap between the sides. Topography is presented by altitude colouring with contours, spot heights, mountain passes, and names of numerous mountain ranges. The map also shows salt lakes and seasonal rivers, etc. Road network includes unsurfaced local roads and 4WD tracks, and shows driving distances on main and many secondary routes. Railways are shown with stations and local airfields are also marked. Internal administrative boundaries are presented with names of the provinces. National parks and protected areas are clearly marked. Symbols highlight numerous places of interest, including UNESCO world heritage sites, churches and archaeological sites, hot springs, viewpoints, beaches, wine growing regions, etc. The map has a latitude and longitude grid at intervals of 1° and index of localities with a separate list of national parks and nature or game reserves. Multilingual map legend includes English. Formerly highly acclaimed as a "Rough Guide Map"; currently, the original updated cartography by REISE is supplied.

It's a good quality paper so it holds up to repeated folding. I wish there were insets with more detail of cities.
