A must read! This is a great commentary for personal study, or group discipleship. Paul's letter to the Galatians is a key book of the New Testament to understand justification by grace alone, through faith alone, in Christ alone. This book is easy to understand, and it keeps the necessary depth in theology and exegesis in a way anyone can understand it. This book will help you to understand what the gospel really is, and what is not. Keller says, "The gospel - the message that we are more wicked than we ever dared believe, but more loved and accepted in Christ than we ever dared hope - creates a radical new dynamic for personal growth, for obedience, for love."

The careful research into what the words in the original language mean is very welcome. This book

is as inclusive and encouraging as Paul's letter was intended to be. Examples given are not predictable but diverse, and understandable in relation to today's world, living up to the promises on the front cover.

For a short chapter of the Bible, Dr. Keller enabled our Bible study group to gain a greater understanding of Galatians - and, what a timely chapter to study. He was easy to follow and provided a valuable tool to enhance one's experience whether one is new to Bible study or a more advanced student.

This is one of the best current commentaries on Galatians. It is theologically deep yet pastorally wise. It is especially insightful in drawing out heart-level applications. Along with Stott's, this is the best commentary for pastors, teachers and any serious Christian.

I'm newly acquainted with Timothy Keller and am very impressed with this study book. There is ease in reading--you don't need to be an educated theologian. I will be teaching a class in Galatians, not an easy book at first read, This will be helpful.

This is a great study for getting to the root of salvation by grace alone, faith alone, in Christ alone. Timothy Keller walks you through Galatians, passage by passage, using helpful illustrations, to explain the truth from Galatians of how simple faith in Christ starts a living relationship with Him, and also starts us on a journey of faith, which manifests itself in fruit that comes as a result of His work in and through us. This study is helping me see more clearly the difference between good works that flow from faith in Christ and good works that attempt to earn salvation or keep it. This book also is helping me examine my motives for the various disciplines in my life and choices I am making, and to throw off anything that is hindering my walk with Christ, while giving grace toward others who have different temptations and therefore need different boundaries.

I think most people who have dedicated their lives to The Lord Jesus Christ have learned that though this is the only way to truly experience God's promises, the path a challenging one. Galatians is an inspiring Book, but one that requires careful prayer and study. There are so many powerful messages that each time the book is read, a new level of insight is gained. What I appreciate most about Keller's study is the clarity he presents to some of the most challenging verses and points from Paul's letter. He gives just the right amount of context and history to make the point that we

have been given this wonderful and free gift by a loving and personal Father. Read a lesson first thing each morning and let it settle in your heart for the rest of the day. A truly wonderful study!

Very understandable. Useful for teaching and preaching. I would highly recommend this book for general study, Or for more advanced in-depth studies.
