Customer Reviews

I am a bit confounded by the very positive reviews on this travel guide. It is not totally useless but it is just a random collection of things to do / see /eat / ..in Peru, with only a few lines to describe each recommendation. Some tips are pretty useless (ex: one entire section is dedicated to "eat tamales"), some could be useful. There are no details, no addresses, no pictures, no indexes, no maps to see where the recommendations are so it will take time to map any information to the places you want to visit.

I have a decent FB companion from Peru, and one year from now I intend to go there to visit her. Therefore I took this Travel direct. I viewed a few recordings of this wonderful nation, yet this guide flabbergasted me! This book contains everything that need to know somebody who surprisingly goes to Peru. Truly extraordinary done! I can hardly wait to go there and see each one of those delightful spots!
