Synopsis

I WANTED TO WORSHIP...BUT I DIDN'T KNOW HOWAs Christians, we often struggle to worship God Almighty with all our heart. Worshiping God may feel foreign or like a ritual, and adding to that frustration, we worry that God is not pleased with our worship. Does He even like us?This book will show you how to worship God and feel loved by Him. He is waiting to connect with you, if you will only begin to worship him. God wants you to be a prayer warrior and will help you.Author Dan Lancaster was struck by the power of the persecuted believers' worship during his time as an international missionary in Southeast Asia. Their heart for God and love for people brought glory to God and helped advance His Kingdom on Earth. THAT kind of worship is what we need in the world, and that is the direction this book will guide you.Worship was never intended to be complicated. The truth is that Jesus showed His disciples how to worship and He wants to show you how to worship too.The author brings 40 years of his personal experience to the pages of this book, but most importantly, he looks to the Word to unearth what Jesus taught about how to love God. With beautiful simplicity, Dr. Lancaster offers tangible methods to reshape your worship life beginning today.By opening your heart to these actionable techniques, you will begin to experience the true power of worship in your relationship with God, in your community, and in ways you could never have imagined.Select "Buy Now" above to take your worship life to a new level.

I thought this was going to be a book about prayer , but it is way more than that. Dan lays out a plan for small groups of only 4 people that include worship, prayer, Bible study and sharing with others. These groups can be family devotions with children, with people of any age, and even unbelievers that are on their way to find Jesus.

When you are looking for the Simplicity or better yet the "how to" of following Christ - This is the book!!! I'm not sure if it's timing ... but as they say - when the student is ready the teacher appears. It's not coincidence, I know, God put this book in my hands so that I could be one of his disciples. It's a lesson on being comfortable with loving him and sharing his life with others. Thank you so much Dr. DAN for keeping it simple and sharing your heart so that someone like me could so easily receive, understand, and share the simple love of Jesus. My keyboard font will only allow me to express my thanks this big I truly wish I could type it bigger. THANK YOU!!

I've been grieved about the lack of commitment in our church to prayer. A friend and I have tried starting prayer ministries only to end up mostly fruitless. We've never been trained in how to go about starting a group, but I look forward to implementing this simple method. Dan's simplistic approach to practical ministry definitely flies in the face of the business models I've noticed church using today. It's very simple and I hope to see the Lord use this for His glory in our church. Very thankful to have come across this book.

Loved this book! The author gently nudges the reader to restore what is broken in their own spiritual walk, and for me that was so refreshing and necessary. Loved every page and couldn't recommend this highly enough for everyone seeking something fresh.

This book was worth my time to be the first book I've read for 2017. I gave this book 5 stars because of its simplicity. A very clear description of the Great Commandment of how to love God

with all thy heart, soul, mind, and strength. I recommend this book to anyone who needs love in their heart.

I have been looking for just such a book as this one. I want Jesus to use me in disciplining people and now I have a simple format to follow. Thank you, Daniel Lancaster, you have blessed me. May GOD bless you! •

Very easy to understand. You can read and then use one chapter at a time. Simple motions and drawings anyone can remember quickly. My eight year old granddaughter was the first to share them with me. I didn't know about the book until I showed it on my recommendation list. We love the movie "War Room" so I bought the digital book. I am so glad I did! Now I will help my little one practice and we will share with others! Thank you.

The author has written another excellent book in simple form that reveals many truths that any one can understand and apply to his/her life. These truths of worship in practice will strengthen disciples lives and bring salvation to others. This book was a blessing to read and highly recommended.
