Position Of The Day: Sex Every Day In Every Way

Synopsis

After all these years of thinking 69 was our lucky number, the perpetrators of Nerve.com's wildly popular "Position of the Day" have hand-picked 366 of their very best erotic scenarios into one gloriously chunky, deeply inspiring, and hilarious compendium. Yes, that's 366 - one for each day of the year plus a little something special for leap year! Illustrated with anatomically correct drawn figures, the positions run the lusty gamut from plausible to creative to Honey, get my weight belt, this is going to require some heavy lifting! For beginners and the acrobatically challenged, there are accessible suggestions such as the Corporate Merger, the Wet Blanket, and the TV Dinner. Meanwhile, the adept and adventurous can try their hand at The Snow Blower, The Papoose, and the Quasimodo, which field-testing suggests is best attempted only after a vigorous round of stretching and a can of Red Bull. Position of the Day is about not becoming a creature of habit, because even the Excuse Me, Do I Know You? can get boring if that's the only position in your repertoire...Em & Lo (Emma Taylor and Lorelei Sharkey) pen Nerve.com's sex and relationships advice column, "The Em & Lo Down (Advice from Near-Experts)."

Customer Reviews

Emma Taylor and Lorelei Sharkey write about sex and relationships for New York, Glamour, and Men's Health magazines. Both live in Brooklyn, New York. Nerve.com has been publishing provocative essays and photographs, stimulating reporting, and sidesplitting commentary daily since 1997. The site has won dozens of accolades, including numerous Webby Awards and National Magazine Award nominations.

I enjoy looking through this book, it's funny. Me and my boyfriend have definitely gotten some ideas from it, however, not all of the positions are possible. My intention was to get a book to help boost our sex life, however, it didn't quite fit the bill. This book is more about humor than actual sex (which is stated in the book). If you're looking for humor, then it's a good book to pick up. If you're looking for a book providing realistic sex positions, I would skip it and look for something else.

Everyone should buy this book! It's awesome! It has some impossible positions in there but also some fun ones. My husband and I love to flip through it. It's also not pornographic.

This books ok for a gag gift but the content looks more like it was written by two 13 year old boy playing with a Barbie and Ken set who posses no understanding of anatomy.

I purchased two of these just for fun gag gifts for two of my friends who were getting married to pack on their wedding nights. Some of the pages are pretty funny. There's a position for every day of the year and I made sure to mark the pages that celebrated my birthday and other important dates so they would always remember. ;)

Love this book. I give it out as a wedding present all the time. Some of the poses are a little far-fetched (if you don't have a giant rocking chair for example), but it's entertaining none the less.

This book has some fun new positions my spouse and I never would have thought of but at the same time there are some positions that are just plain odd and impossible to do if you ask me. Also, it's supposed to be position of the day for each day of the year but after about 40-50 positions, they repeat with different names. Also the book combines hetero and homosexual couples which seems a bit odd for the opposite type.

A lot of repetitive positions with different names

This is one of my go-to gifts for bachelorette parties. It's pretty hilarious to go through with your friends. Pairs well with a bag of Gummy Penis lol!
