Customer Reviews

Originally published in England in 1995, this book begins with the author's life before he went to work for Churchill and ends with a brief section on his life afterward. The main portion deals with the years between 1952, when Montague Browne became one of Churchill's private secretaries, and the latter's death in 1965. The author gives both his own and Churchill's opinions of prominent people and events. In his later years, Churchill's mental and physical activity declined, and few people were as involved in his daily life as the author, who often made the final decisions about what statements should be made in Churchill's name. The author did not keep a diary, which makes some of this work sketchy, but as a different view of Churchill's last years this is sure to be popular with the vast numbers of people interested in the great British leader. ?Marilyn Dailey, Natrona Cty. P.L., Casper, Wyo. Copyright 1997 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

Pleased with this purchase. An interesting book for anyone interested in the life of Churchill.

I had the pleasure of listening to this book on Sirius Book radio, and each chapter was very, very interesting. I was afraid he would encumber the book with straight political facts of the era, but he

interjects so much of Churchill's personality and "behind the scenes" information, that it is truly enjoyable listening.
