George Muller: The Guardian Of Bristol's Orphans (Christian Heroes: Then & Now)

Synopsis

"George Mä ller stared at the beggar girl. She was no older than five and was piggybacking her little brother. Her mother had died in the cholera epidemic sweeping England. Her father had never returned from the mines. Standing in the muddy street, this little girl gave a face to Bristol's countless orphans."With scarcely enough food or money for his own family, George Mä ller opened his heart and home. Sustained by God's provision, the Mä ller house "Breakfast Club" of thirty orphans grew to five large houses that Ultimately over ten thousand children would call home. George Mä ller trusted God with a depth rarely seen. His faith and generosity set a standard for Christians of all generations.

Customer Reviews

This is a good book. We read it aloud on a road trip to everyone in the car a few chapters at a time. Good story and interesting how the author brings a context to the story. I'm sure there is a lot of artistic freedom taken in there with the conversations had and thoughts the characters had, but the general story is true and intact. Good lessons learned and shared with the kids!

Again, to only confirm what others have said of George Muller. His life stands as one of the greatest testimonies ever documented about the power of a living faith and confidence in the character of God. Time after time we see the amazing power of righteous prayer. George Muller put the character of God to the test big time, and every time He showed how faith can move mountains. An amazing life lived in God. The book itself-a real page turner. And perfect for believers and non-believers.

This book was extremely well-written and easy to read. I could hardly put it down until I finished reading it. I found it to be very inspiring and very encouraging for a Christian who desires to increase their own faith. I must humbly admit that if I had 1/100th of the faith that George did, I'd be doing much more for the Lord than I currently feel capable of doing. I doubt that any Christian could read this book and not feel a sense of urgency in their own Christian walk to work on further developing and exercising their own faith. It's humbling to see a man such as George with such a simple and yet such powerful faith. I told my husband about the book as well, and he used it as a read-aloud for our 6 children ages 3 - 11 before bedtime. Most of them really enjoyed it (especially the beginning when George was still quite a bad young man!) They enjoyed listening to the way God transformed George into such a man of faith. I believe this book can have a lasting impact on children and adults, and help remind us of God's transforming power. It's incredible how George changed from a sly sinner to a willing servant with such a great, albeit simple, faith in His creator. I would encourage all Christian families to add this book to your own home library of inspiring Christian books!!

I loved this story. I read it to my kids more than once when they were younger and they now read it on their own from time to time. It is encouraging and inspiring. The authors do a great job with their storytelling abilities. I often tell people of George Muller's faith and simple godly practices that have stuck with me since the first time through the book. After the first reading, I looked up more of George Muller's life and ordered things he had written. If you don't know George Muller or his story, this is a great, easy read.

good reading

Great biography, could not put this book down.

My kids and I really loved this book, we originally got it from the library, but once we read it we were all in agreement that it was a must for our personal library. My children (8yr girl, and 6yr boy) learned so much about that time period and were really amazed at the transformation that took place in Mr. Muller's life--he started out as quite the rascal and was utterly transformed by meeting Christ! What a challenge to our faith--it really gave the children empathy for others as well as a new perspective on having faith. I was personally convicted on so many levels--we are looking forward to reading it again.

The story of this man's life and ministry is a remarkable testimony to the faithfulness of our great GOD in all the circumstances of life!
