## Customer Reviews

•A wealth of practical information.â •The Yorkshire Postâ œThe Latvia guide was the best Iâ™ve used. Overall Bradt are my favourite guides.â •Ed Williams, Coventry

Latvia is increasingly popular, whether for the history enthusiast, the culture vulture or the nature lover. Its cosmopolitan capital, Riga, entices the visitor with its art nouveau architecture and historic old town, while further afield, Gauja National Park and the wide sandy beaches of Jurmala beckon. This revised and extended fourth edition of Latvia: The Bradt Travel Guide includes thorough coverage of the country's turbulent history and strong cultural heritage. With valuable practical information, it is the essential companion for those on short breaks or longer, more leisurely trips. Inside you will find:

- \* Riga in detail: art galleries, museums and parks
- \* The historic towns of Sigulda, Cesis and Bauska
- \* Gauja National Park and Latvia's nature reserves
- \* Exploring the countryside - travel networks and tourist facilities
- \* Folklore, customs, language and cuisine

--This text refers to an out of print or unavailable edition of this title.

Latvia is a tiny country, but you'd never know that from browsing this perfectly constructed travel guide. I won't blather on about this book, but suffice to say that it offers the optimum balance between historical, cultural, natural and practical information. Glossy photography? Not here. Buy this book for the quality of its writing. This guide does a particularly good job of explaining to readers how Latvia is not Estonia, not Lithuania, and certainly not Russia. The Baltic states, often (and incorrectly) considered one cultural space, become distinct countries in each of the Bradt guides. This one is especially good. Lovely Riga, of course, figures prominently, but other fascinating places in Latvia are revealed for you as well, cultural and natural. Since Bradt puts so much effort into their Baltic series, and new editions appear frequently, you can be sure that listings are comprehensive and right up to date. There's no better guide to Latvia than this one.

This little, and I mean little, book is packed with good history and great information. If you are traveling to Latvia it is a great resource!

I thought this book was very informative i really enjoyed all it had to say about Latvia. It really makes you feel as if you know the country better I recommend this book to anyone who is taking a trip to Latvia or one of the Baltic states the book is even good for just review! This book is a definite if you are looking for information and description on Latvia.

The product was in excellent shape when I received it. The book looked as if it were new and bought right off the book store shelf.
