## Customer Reviews

Bought this for my guitar buddy, as I have one of my own. Excellent for the novice and professional guitarist.

I was expecting some wear, markings, etc since it was used. Condition was much better than anticipated - practically new condition. No dog eared pages, no erased pencil marks, not even a worn cover.

I am considering buying this product. I couldn't find the section to ask a question. I am considering James Taylor -- Complete, Vol 2: Piano/Vocal/Chords (Sheet music) or Complete, Vol 3. My decision is based on what are the song choices for each. I found a list of almost all the songs for Vol. 1, but nowhere can I find a more complete list. I am sure it would help others as well as myself. Can you write me back with an answer? Thank you!

The music, lyrics, and guitar chord diagrams, for almost 70 songs. Although I do not own all the albums, the book appears to contain all the songs from the albums "James Taylor" "Sweet Baby

James" "Mud Slide Jim" "Gorilla" "One Man Dog" and "Walking Man." A must-own for the JT fan.
