Terry Daniel was born in Oklahoma City on March 19th, 1956. He is employed with General Motors and lives in Shreveport, Louisiana. He is a graduate of the University of Louisville, in Louisville Kentucky and has an M.A. degree from Regent University, in Virginia Beach, Virginia. While attending high school in Cincinnati, Ohio, he began a lasting friendship with Scott Toms, the illustrator of this book. The two share the same vision for touching the hearts of children. The ideas for the book came from bedtime stories that the author told to his daughters. Inspired by the excitement his own children showed for the characters in the stories, he decided to put them in a book for other children to enjoy. --This text refers to the Paperback edition.

I love this book. My kids love this book. It keeps your attention. I would love to see more Loveland stories.
