## Customer Reviews

This is perhaps the most useless "guide" I've ever come across. It is 35 pages written in very tiny print which shouldn't bother me because the information as I mentioned is useless. Self-advertised as a guide to the "most positively reviewed and recommended restaurants in the city" the restaurants are listed #1 through #400 with no information as to why they are recommended or by whom they were reviewed. There is no way to cross reference or look up a restaurant by alphabetical order. No index, no nothing.

This is not a restaurant guide.. It is a address book of restaurants

Just a list, no meaningful information about any restaurant

terrible- a rip off- a list of restaurants, address, not even a web site address and a phone number-- do not bother!
