Customer Reviews

I absolutely loved this book by Nicole Fox who knows how to write a story that ensnares the reader right into the great written storyline from the very first page and the well detailed characters keeps the reader totally transfixed until the turn of the very last page!! voluntarily reviewed an advanced reader copy of this book. However, I loved it so much that I one clicked a copy and you should too!

I voluntarily reviewed an advanced readers copy of The daddy next door. Nicole Fox did an amazing job on this book. I loved every minute of it. This has to be my favorite so far of this series. The series was phenomenally written with hot and exciting characters. This is an absolute must read that you defiantly dont want to miss out on.

I voluntarily reviewed an Advanced Reader Copy of this book. Marion had it all - or at least she was working her way towards the top - when a "friend" and business partner snatched it all away from her and basically left her destitute. Now she is struggling to get by as a waitress and is living in a run down motel. She just wants to get away from this town. Next door is bad boy Colton and his 9 year old son Dean. Colton is part of an MC that is quickly spiraling downhill due to the crazy decisions their president is making. He does his best to keep Dean away from the MC for his own protection. He doesn't really see a way out. (This same president killed Colton's father in front of him when Colton was a kid and he was trying to leave the mc for Colton's sake). Marion winds up helping Dean one day and that puts her on Colton's radar - not really a place most people want to be. And though he tries to resist it, Colton really likes Marion and feels very protective of her. He winds up accidentally getting her fired from her job and hires her to care for Dean for a while. Colton sends Marion tons of mixed signals, yet he is unable to actually scare Marion away. She along with Dean wind up in a bad situation with a rival but Colton winds up saving them. (The rival really just wanted to talk to Colton to see what could be done about his president and he knew this would get Colton's attention). Eventually, Marion gets a spine and with help from that rival club is able to wrestle her business back from her "friend". Colton makes a move on the president and is named the replacement and things start looking up for this little family who never knew that they needed each other to begin with . Another good one from Nicole Fox.

I gave this Book a rating of 5 Title: THE DADDY NEXT DOOR:Series:

[illegible]

This is definitely not a sugary sweet romantic story. If you know that going in, and don't have a problem with violence mixed in with some romance, then I think you'll enjoy this book. I sure did!

This story features Colton, a member of the hard core MC Heaven's Horns. He's big, buff, and scary as they come. Colton has been a part of the club since his father was killed when he was a kid. After hooking up with a drug addicted girl, she leaves him with a son. Colton has been a single dad for 8 and 1/2 years, and juggling his position in the club with fatherhood is almost impossible. He doesn't want his boy, Dean, to follow the same path he has. He wants a better future for them both, but he has no idea how to get out of the life he's living. Right now they're staying in a dump of a Hotel room since he wants to keep Dean away from the club as much as possible. Marion is a young woman who worked hard to get her own small business up and running and was living in a decent part of the city until she trusted the wrong person and lost everything she owned. With no family, she finds herself scraping by working as a waitress and living in a disgusting hotel room ... right next door to Colton. The man scares her half to death, and she avoids running into him as much as possible. One night Dean is sitting in front of his hotel door locked outside when Marion is coming home from work. He asks for her help, and even though she knows it's a bad idea, she can't turn her back on a little boy. This begins Colton, Marion, and Deans story. And what a story it is! Colton isn't blind to how attractive Marion is, but he knows she needs to stay as far away from him as possible. Even though just the sight of Colton terrifies her, Marion admits he's the sexiest bad boy she's ever seen. Bless Dean's little fidgety body, he nudges his way into Marion's heart. I have to stop now or this review will be full of spoilers. I will say there are a few sexual encounters that are very rough, and described in detail. Nothing is forced, both of them want it that way, and it definitely gets your pulse going. At the end of all the brutal, deadly business throughout this story, there is a HEA. If you enjoy rough, tough bad boys that like the kind of sex that leaves you bruised and panting for more, read *The Daddy Next Door*!! voluntarily received an ARC from the author.
