Customer Reviews

The comic allows Bluewater to delve into the celebrity culture and understand how a person rises to fame, deals with the new-found celebrity and continue to produce in the public eye. That includes actors, sports figures, recording artists and royals."Bluewater Productions creates intelligent, well-examined biographies of authors and stars as well as political and historic figures. If readers are looking for factual insights, relevant information, and terrific art, these books are a great source." Anne Elizabeth Columnist RT Book Reviews MagFemale Force: Cher is perfect for the ultimate Cher fan and would be fun for anyone interested in her background. It would also make a great gag gift for the comics lover in your life who, like me, would also assume this was about a lightning-bolts-shooting-from-her-fingertips Cher. GEEKS OF DOOM

Cher fans should run for the hills when they see this nasty comic that feels like a dirty old underground effort. The illustrations are poor and I couldn't get past the cheap and inferior artwork...and rather ridiculous scenes that tell the Cher story. The pictures do not even resemble Cher. The cover which is slick and cheap does not reflect the illustrations from hell inside. Female travesty? Cher fans forget this one!

The art work is wonderful. So much love and care was done by a true devoted fan.

I'm a big sure friend and I love this cartoon book however the best picture is on the cover. The rest of the magazine has pictures that do not represent the cover picture is the only one that looks like Cher a must for fans.

Was so happy to find this wonderful collector's item of Cher. Her very own comic book was delightful and very nicely illustrated. Thank You !!!!!

Fun to have a comic book about Cher but not factually correct. I Don't regret the purchase and it was inexpensive.

bought as a gift to give someone they loved it.

Love it

There is nothing like this on the market. Great price and unique content. Buy it! This is so great for any Cher fan.
