Jim Harter is a successful artist and editor of several Dover Pictura CD-ROM Books, including Harter's Picture Archive for Collage and Illustration, Landscapes and Cityscapes for Artists and Craftspeople, Nautical Illustrations, and more.

This book is loaded with tons of great images, from single illustrations of ships, cannons, rowboats, sailors/captains etc, to fully illustrated scenery of ships at sea in different weather (storms, frozen into waters with icebergs, snow, sunny horizons, even tornado-struck waters) and different times of day. There are also fully illustrated scenes of men on deck doing work, nautical compasses, vintage

diver & sunken ships, sea monsters, wild ship wrecks, lighthouses, steamboats....the list goes ON. The illustrations are amazing, black and white prints in vast amounts all within the slick pages of this slim green-edition Dover masterpiece. I would highly recommend this book as both a visual resource for referencing, and one to simply flip through and admire.

This book has some really good pictures of sailing ships and other cool things you can draw. So grab your pencils and paper and enjoy your day.

Love this book.

If you're looking for drawing or tattoo ideas look no farther. This has a ton of great ideas and concepts with a range of sailboats and the likes. I brought this book with me to get a tattoo and funny thing was my artist pulled out the exact same book at the shop! So you know artist use it, why shouldn't you?

Great illustrations--just what I wanted!

beautiful book

As an artist I like having this book around as a quick reference for imagery and accuracy of the times. It is a starting point for some of my pieces.

Really nice reference material for artists, lots of beautiful line drawings showing ships in fair, stormy, and even arctic weather. Some images in it are very small though, pretty much useless, but I guess if all they do is fill some white space then why not have them.
