This is a story of a once in your life type of love that will capture your heart and take it on an emotional roller coaster ride till the end. Toren is tough, tender, quiet, protective, loyal, loving, with emotions that run deep. He can beat an abuser within an inch of his life, then tenderly hold a rescued kitten close to his heart. He is Asher and EmberÃ¢Â™s best friend and godfather to their

daughter Kenzi. Kenzi has had him wrapped around her little finger since the day she was born, and he has been her everything. When she was happy, sad, or needed a friend to talk to Tor has been there. He has dried her tears, cared for her and been with her through all the ups and downs in her life. At 18 she knows he is the one person she loves and wants. She wants him to be her first, her last and her only. But what do you do when the person you love is 15 yrs older and your Dad's best friend? All Toren has ever wanted in his life is a wife who loves him for who he is and a family of his own. Kenzi is the one that could always bring him to his senses and got him to straighten out his life when he messed up. As she grows into a beautiful woman his feelings for her start to change. She is all he has ever wanted but he knows she is off limits in so many ways. Tor: "I feel sick. I feel tortured. I feel unhinged with want for her. I feel a deep ache in my heart that only she can soothe. I feel like I'm stabbing a dagger straight through my best friend's back. The scales are tipping, though, and it's scaring the shit out of me." Carian Cole gives you a true emotional connection with the characters. I could feel their pain. Kenzi: "I love you the most forever." Tor: "My love, walk in the rain with me. Kiss me in the misty fog. Let me hold you all night under the hush of the wind. I'm waiting for you. Always for you. Come back to me. I'll fight for you. I'll fight for us. Wish for me, too, and I'll make it come true." Their story has captured my heart and stayed.

Toren and Kenzi's love story was an intriguing one. I had but of a hard time wrapping my head around it because of the constant "uncle" thing. Every time Kenzi called him "uncle" I cringed but soon enough I started to just block out that word and enjoy the story for what it was. I enjoyed the dynamic of their epic love... Love is one word used to describe many, many kinds of love. Toren and Kenzi had a very special kind of love, one that grew with them. The author writes a very captivating tale and the reaction of the people that surround these two is very realistic, at least as realistic as I'd imagine it would be. I loved everything about Toren and loved who Kenzi was... She knew what she wanted and even though it wasn't what many people her age would want she stuck to it. Loved that no matter what Toren was supportive but always honest to and with her. Really wish someone would have crushed the bag of potato chips aka Sydni. The chick was just nerve grating as hell.

This is an amazing story. I am so glad that I decided to read it. I loved Toren! The slow build-up to Toren and Kenzi's relationship is perfectly paced, interspersed with glimpses into the past. You can feel Toren's angst and worry about how their relationship will be perceived by others, particularly by his best friend who also happens to be Kenzi's father. The author did a great job! I am definitely

going to read the other books in the series.

I don't even know where to start with this review. This is an absolutely beautiful story and brilliant start to a new series by Carian Cole. This story really hit all of my emotional buttons..sad, happy, overwhelmed and flat out giddy. The feelings invoked by this author's writing of the love story between Toren and Kenzi were all consuming to me, and it was a love story. The author's writing pulls you in and makes you feel as if you have a window into the story and it's so tangible. I mentioned that I was not completely sure about this book when it was first announced, but I love this author's writing so I was confident that she could make me love it, and boy did she. I loved the flashbacks into their relationship from Kenzi's birth to present day and how it evolved and changed. It was emotional and also romantic and I loved it. I also enjoyed the pet rescue aspect built into the story. All of her books have pets of some kind, whether it's a dog, cat, bird or a bunny and this was so sweet. Their texts to each other were both eye-opening and sweet. There were several moments that stood out for me. "Young love, first love is so innocent. So pure and trusting. So all encompassing. I shouldn't be on the receiving end of that love from her at my age, but in all honesty, she's my first love too". (Tor) "I want crazy love. I want someone that'll never let me go. I want to wake up to my best friend every day". (Tor) "There is a safety in writing, in putting words out there and giving the recipient time to absorb, ponder, and reply. He writes me poetry. We fall deeper in love. The space didn't create distance. It brought us closer". (Kenzi) "My heart belongs to Tor". This story made me laugh and definitely made me cry, but that's what I expect from Carian Cole and she doesn't disappoint. Is this a forbidden romance? Not in my book. It's love and can't be denied. .And that epilogue..epic! This book was five stars all the way.
