A Brief History Of Israel, Third Edition

Synopsis

Praise for the previous editions: "Recommended."--Choice "Recommended..."--Reference & Research Book NewsIsrael is a modern country with a short history set into the lengthy story of Jewish history. A Brief History of Israel, Third Edition explores that history with an emphasis on the period since Israel's independence in 1948. It is a complex story of a people and their modern state, established thousands of years after the destruction of the old one. The story of the independent state of Israel is narrated against the backdrop of exile, anti-Semitism, Zionism, and the Holocaust--all of which have helped shape the nature of the current state. The chronological narration begins with the time of Abraham and the period of the Israelite kingdoms and continues to World War II and the United Nations Partition Plan. A Brief History of Israel, Third Edition explores the independent country of Israel, including the Arab-Israeli conflict, domestic politics, the economy, and international relations. Completely up-to-date, this edition features a new preface, introduction, and final chapter, and revised and updated appendixes. Coverage includes: -The period since Israel's independence in 1948 -The Middle East peace process Hamas's election victory and its effect on Israel -The 2009 election won by Benjamin Netanyahu and the Likud Party -Israel's relationship with the Obama administration -The Arab Spring and its effects.

Customer Reviews

Reich's preface indicates that his purpose is to seek to encompass a complex and continuing history by focusing on the main themes of establishing the state of Israel and ensuring its continued

existence. He begins by tracing its history from biblical times to the Ottoman period and continues with the prehistory of the country from 1880 to 1948. In the remaining chapters, Reich chronicles the nation's development. There are chapters describing the political, economic, and military consolidation (1948-67), the Six Days' War and the Yom Kippur War and its aftermath (1967-75), peace with Egypt and the Begin years (1975-79), the Palestinian Intifada (1979-90), the Persian Gulf War and the Middle East peace (1990-96), the Netanyahu and Barak governments (1996-2000), and the Al-Aqsa Intifada (2000 to the present). Reich concludes that today Israel's security and its future are precarious, but it is certain that Israel will continue to exist as the world's only Jewish state. This latest volume in the publisher's Brief History series contains a chronology, an appendix of suggested reading, and 48 black-and-white photographs.
