Parker's Picture Book Planner: Pink Cover Edition

Synopsis

Want to write a children's picture book? Have you always wanted to write a children's picture book but can't get it organized? Do you have an idea but aren't sure where to go from there? This is a planner/workbook/idea keeper for writing a children's picture book. Take your idea and turn it into a complete story ready to publish. Go through the steps to create a manuscript- characters, a theme, plot. Tackle editing in a logical way. Get a reader feedback that is useful. Keep all your notes and thoughts about a manuscript in one place. Picture Book Planners come with a variety of covers but the interior of the book is the same. Pick the one you like the best or pick the plain one and decorate it to go along with your story.

Customer Reviews

"How fun to look back through the planner and remember my thought processes as I completed this manuscript. Now I have a complete record to use as reference in future projects. I know years from now (when this manuscript is a published book!) I will love that I have this record." "What a great tool! I was so inspired to keep working on my manuscript because it was easy to follow the steps in the planner."

The way I use these planners is to create as much as possible the "world" of my story. I draw and paint my characters. (if you don't draw, cut out pictures that remind you of your characters) I add pictures of settings, color schemes that I like and dialogue and inspirational quotes that remind

me of the story. Anything you can add that reminds you of this "world" you have created helps. Then when you open it up to work on it, it is much easier to get right back into the mindset of that setting and those characters and get straight to work.
