I always love to buy different Bible as a children Minister. However, it is a kind of hard to find one book is for toddlers. I am looking for a suitable bible book for my toddlers for years. Finally!! I found this one! I love this book so much! I bought it for my toddlers in my church. The content is simple

which is excellent for toddlers, and the theme is very clear. The book is a used one, but it is ok for me. The only thing is the book lost the first music CD, but they said before. So, I still give five stars, and highly recommend this book.

This devotional book is just right for the really young ones (2-5ish), whose attention spans may not be that of an older kid's. They are short, super colorful, have a Bible verse (written at their level) on each page, and each day has a suggested track to play on the cd that it comes with, which is perfect to reach multiple learning types! I'd definitely recommend it for parents of youngsters--it takes about 3 minutes to do! We read one every morning while we eat breakfast :)

Simple and easy, perfect for my kids. My 5 yr old couldn't wait for me to start reading it so she started reading it to herself. We are working on building a positive self image that was damaged in public school. We now use this as our devotional every morning, I homeschool now. Our value does not come from that which others place on us nor how we ourselves view us but our value is given by God alone and he values us on our potential and his fatherly devotion unchanged by the whims and fads and comforts of the world. An unwavering scale of value. Thank you Abba Father. Your promises endure forever. Your love never fails. A good daily reminder... And anyone fully grasping his loyalty couldn't help but sing those 100 praise songs.

I love this book as much as my kids do. We sing and dance to the songs and we read the stories together as a family. I love how our son can go to school and tell all of his friends about the stories in this book and how he tells them, "God Loves ME!!!" He says it with so much passion. I highly recommend getting this for all children.

My grand kids love it.

Very disappointed that the kindle version did not have playable songs like the hard cover book that comes with 2 music CD's.

I think we have all of these books now. The kids absolutely love them!

Bought as a baby gift ... Perfect way for parents to begin showering baby with the truth of God's love from Day 1.
