Customer Reviews

The only problem with this music is that it is pretty advanced. This was no surprise, but is slightly discouraging for my sons, who want to play like Luka and Stjepan! On the other hand, it is an incentive for them to practice!

I ordered this as a gift to my friend and only received the sheet music for the second cello part. I was under the impression that I would also get a score and both individual cello parts, but the music was still in good condition.

This is by far my favorite album. Especially like there is only one featured artist, LangLang on the piano, which is great. No singing! I bought the deluxe edition which included the DVD of several of

the music covers. GREAT ALBUM! Keep up the great music. Renee

Got this for my son who loves the cello and rock music. He has been playing cello since he was 7 and is now 20. It was a perfect birthday present, and he is looking forward to teaming up with his friend who also plays cello to have some fun.

purchased for my son and he loves it, as do I listening to him practice. has a couple of duet parts that he practices with his brother.

Purchased for high school senior. Student immediately started sight reading through entire book. Didn't put his cello down. Recommended for advanced players only.

It arrived in 2 weeks instead of 1 month and 2 weeks. It has also two little books for each player. I couldn't expect anything of better :)

It is great, amazing I was want this music. I like 2 cellos Thank you.
