Synopsis

Publisher's Note: Products purchased from 3rd Party sellers are not guaranteed by the Publisher for quality, authenticity, or access to any online entitlements included with the product.

Completely revised and updated to reflect the latest guidelines and innovation, *Emergency Nursing Made Incredibly Easy!*, Second Edition, offers essential information on emergency, trauma, and critical care. Presented in the easy-to-learn and enjoyable *Incredibly Easy!* format, it covers emergency care basics, including patient assessment and triage, trauma, disease crises, and patient and family communication. It also addresses legal issues such as handling evidence and documentation, and holistic issues such as pain and end-of-life care. Chapters detail emergency nursing by body system and cover shock, multi-system traumas, environmental emergencies, disaster preparedness, communicable diseases, and obstetric and pediatric emergencies. The presentation features light-hearted cartoons and humor, "Memory Joggers" and other icons, and end-of-chapter review questions.

Customer Reviews

i own almost all of these books and they have literally saved me! definitely helped me pass some of my hardest nursing school courses! highly recommended!!

This book is easy to read and has some great information. I love the whole *incredibly easy!* Series. I bought this to brush up before beginning a new position!

Easy to read! Good for new grad assessment skills :)

Love these books! They make learning so easy. It arrived sooner than expected without any damage.

I'm not getting much information out of it that I already haven't gotten in nursing school. I thought this would serve as a study guide for the certification in ER nursing but it's not that great. Good for overall review though.

Very easy informative book. Is takes you point to point .love it

Excellent information and easy to read and understand

Love it
