Kristy Owen started the website 365 Things To Do In Austin, Texas in January 2010 as a New

Year's Resolution. The idea was to 'try something new everyday' for a year. The blog focuses on the best things to do in Austin each day, and it has become a go-to guide for Austinites and out-of-towners alike.

I lived in Austin in the late 70s and early 80s and still visit When I can. According to Kristy Owen, I'm about half ready to die. Some of the "must do" activities are long-time traditions, and some, like eating goodies from food trucks, are new. I would add a few, including viewing the Guttenberg Bible at the Harry Ransom Museum. I would also list fewer dining experiences, as restaurants change in quality or close down all together. However, the book offers a good starting list of the many adventures Austin offers.

Traveled to Austin this past month, and this book was a great addition to my Austin itinerary research. It is a pretty simple, not overly wordy list of interesting, quirky, unique things to try out or explore in Austin. It's divided into categories so that you can focus in on what you're interested in, and bookmark whatever appeals to you. Most guidebooks are super dense and hard to get through, but this book was a concise and offered a great variety of options - food, arts, sports, entertainment, etc. Left it at our Air BnB so that other travelers can utilize it after us!

This was our go-to guide when we went to Austin this summer for the first time. We weren't disappointed. It's a must-have.

I'm so pleased with this book purchase! Whether you've lived in Austin all your life or just moved here, this book is a great resource of things to do in Austin. I recommend getting one for yourself and a friend!

Great to have when you visit Austin. Didn't do most of it, but at least knew where to find the action!!!

Super fun book for our many trip to Austin. There are really fun things to do. The book is very informative.

Hopefully I can add a few of these things to my bucket list!

comprehensive. Will UseWhenIGoBack!
