Customer Reviews

Scarlet and Dillon work hard to get her dress line on the market; and then a potential major set-back happens. How do they make it all work? Read it and see for yourself. This is the best in the series,

as far as I'm concerned. I highly recommend this book!

This was a great romance. I loved the plot and how the characters discovered their love. This story flowed well and kept my attention throughout. I couldn't put it down.

Samantha Bayarr you knocked it out of the park again I love this story of real true love they are perfect for each other I am ready for the next book

Engaged to one twin and working for years with the other which one will steal her heart in the end? Only time will tell. Loved the story.

Wonderful God's ways are not our ways and whatever decisions we make marriage work etc. Should always His choice

Loved this series. Samantha keeps u guessing til the end! I would recommend her to any type of reader, Christian or secular!

This was okay. There were some big story gaps that really needed fixed. First, how does the bride and groom get married without the twin brother there as the best man and none of the family noticing. That wasn't explained at all and was a pretty big flaw in the story. Second, when the twin shows up in Hawaii, he demands to be the "husband". However the twins aren't wearing the same clothes, so they can't be interchangeable at this moment with all the video crew and other people. However, they somehow are...Content: CleanLanguage: cleanReligious: yes and I felt like it didn't flow with the story. The story is broken up in several places with the characters having a prayer.Overall story:--Cute premise, but major gaps w/ the story line. This was definitely not a favorite.Happy reading.

This is the 5th book in the Forever Yours series and it is wonderful! I enjoyed Scarlet's creativity and humor.As with all of Samantha Bayarr's books, this is well-written and a pleasure to read. I recommend it to all.
