

SCRABBLE® Puzzles Volume 1

Synopsis

For the millions of SCRABBLE(TM) fans out there: Here's how to stay at the top of their game! To play SCRABBLE(TM) better takes practice--and these two clever volumes give players a chance to improve even when they don't have an opponent to challenge them. Every page features an entire Scrabble board covered by the letters of a game in progress. Below the board are three sets of seven tiles as well as the highest possible score for each of these racks. The object of the game: to figure out how to place those three groups of letters on the board to achieve those winning scores. (They're all designed to use the most up-to-date Scrabble dictionary, too.) Created by three-time national Scrabble champion Joe Edley, who knows the game better than almost anyone, these collections are sure to be a hit! SCRABBLE, the distinctive game board and letter tiles, and all associated logos are trademarks of Hasbro in the United States and Canada and are used with permission. (c) 2007 Hasbro. Customer Reviews

We use this Scrabble Puzzle book when we play the game and it's a big help, all the way!

This book was sold as "new" but was a damaged book with a cut down the edge of the front cover and first page. The rest of the book was O'K. A price sticker was holding the top edge of the cover on.

Great for learning how to find the highest scoring play possible with any given rack of letters and words already on the board. It will definitely improve your scrabble game. I found it a little difficult to figure out the answers by just looking at the letters and trying to figure out a word in my head and where to play it. Much easier if you take the time and set up the puzzles on a real scrabble board. That way it simulates playing a real game and allows you to shuffle your letters around which makes it easier to come up with the best word.

this scrabble puzzle book is quite entertaining. it's not as fun as sitting down with a friend in front of the actual game but it's a fair substitute. it's a good buy because after you finish solving all the puzzles, you can certainly start again at the beginning or lend the book to a friend to enjoy. i might purchase volume 2 someday.

excellent condition

okay

my neighbor seemed excited to get this from Santa. she loves crossword puzzles. all i have to say but need more words

Gave as gift to friend and they loved it.
