Immigration Law For Paralegals

Synopsis

Immigration Law for Paralegals is an indispensable and practical guide on U.S. immigration, citizenship and visa procedures for instructing and training students or anyone interested in a career as an immigration paralegal or legal assistant. The new edition has a new chapter on court litigation which also includes writs of mandamus and habeas corpus with federal courts. All forms have been updated, including the G-28. A new chapter covers representation of clients before DHS agencies, such as Request for Evidence before USCIS, deferred inspection before CBP, employer compliance (e-verify) before ICE and H1B and L1A audits. The book also expands on certain topics such as H2Bs, EB2s, and regional centers for the EB5 category. New information on the Cuban Adjustment Act is also included plus the new test and standards for the current naturalization process. Contents of Immigration Law for Paralegals include: interviewing, gathering information, case management and document preparation techniques; analysis of temporary and permanent employment visas; analysis of family-based petitions, political asylum and naturalization; as well as samples of completed applications, a glossary of terms and useful appendices. Each visa category is set forth in a clear and concise manner, with real-life and hypothetical situations at the end of each chapter, allowing students to visualize actual problems and issues that arise when processing a case. Further, in responding to the hypothetical situations, students will look to the United States immigration statutes, rules and regulations and precedent and administrative policies to resolve issues. Additionally, each section contains a completed sample application, definition of legal terms, and exercises modeled after tasks paralegals may encounter on the job, including the preparation of relative petitions (Form I-130) and the adjustment of a status package (Forms I-485, G-325A, I-131, I-765, I-864A, and G-28). In keeping with the concise format of each chapter, excerpts from Federal, AAO, and BIA decisions will be cited or footnoted where relevant. The Glossary and Appendices include Immigration Law resources; USCIS Local, Regional and Service Center addresses; questions and answers for the naturalization exam; blank USCIS forms; Credential Evaluation sample request forms and a list of agencies; sample USCIS color photograph specifications, sample medical form (I-688); and IRS Individual Tax ID Number Request (SS-4).

"For beginning paralegals or anyone starting to work in immigration issues, the basic materials, steps, and processes are here." -- Legal Information Alert --This text refers to an out of print or unavailable edition of this title.

Maria Isabel Casablanca and Gloria Roa Bodin are immigration attorneys in Miami, Florida.

This is a good book for those who need an introduction to immigration law and the forms sent to various government agencies. Anyone other than a beginner, however, may want something more detailed.

worth the wait, an great reference guide for me being a new beginner in this area of law! Thanks I'll keep it next to me when processing forms etc.

This book was written easily to understand. If anyone to buy this book is there, try!

Very helpful, really like the visual examples of forms.

This is a good book if you need samples of the forms. But not a lot of detail about the rules and regulations.

I got this book two years ago. I'm not sure if there's been an update (which you'd need in 2014) but it was an excellent resource for me in the area of immigration law.

I'm an immigration attorney and bought this for my paralegal in the office who had never worked in immigration before. The topics are quick and easy to understand, albeit a little too short. At least it

provides a starting point for paralegals to understand so I'm not constantly going over the basics.

The book is easy to understand and all the forms are available at my fingertip. The cd is also helpful for getting the forms.
