The best trips start here. Visit us online at Frommers.com

Hillary Gilbert first went to Russia in 1993, for a 5-month language course. She never really went home. Having traveled across Siberia and most countries of the former Soviet Union in the interim, she now splits her time between Moscow and London, running her own editorial services company. Find out more at www.urgentedits.com.

Purchased this book because it came with a map of St. Petersburg and environs. The pull out map is adequate if you're comparing to Streetwise but much better than those hand drawn ones in other guides. (Maps for this area seem difficult to find)The book is a little gem. Compact and easy to flip through and find useful information, good index in back and all sorts of little factoid charts/grids throughout. There is also a good map of the metro/public trans.system as well as small maps for each section or area being covered. Well worth the price and very well organized. Get one!

Excellent travel guide for what to do in St. Petersburg and outside of St. Petersburg Lots of information for an abbreviated format. Highly recommend it. Not too heavy for your pocket either.

Another good overview in the Day by Day collection....of which I have many.

The Day by Day series is excellent for those who just want the highlights of a destination. If you want detail, Lonely Planet is more appropriate.

Great condition like new, easy read, and excellent information

Great book for St Pete when traveling without a local guide.

great organization, helpful in making decisions on what to see.
