Diary Of A Hunting Guide: A Must Read For Any Guided Hunter

Synopsis

Follow the stories and secrets of a professional hunting guide. The author explains being a hunting guide through his eyes, revealing success, frustrations, criticisms and recommendations to hunters. After guiding big game hunts in the West for 15 years, the guide tells many different stories that tell the truth about what goes on in the mind throughout a hunt. Whether or not you every plan on going on an outfitted hunt, read through the pages to gain insight and prepare yourself for increased success as a hunter.

Customer Reviews

If you are looking for helpful information for an upcoming hunt this isn't the book for you. The author really only gives two helpful suggestions and both are common sense. One, if you are paying for a guide do exactly what they say and it'll improve your odds, and two be in good shape. The rest of the book he either spends congratulating himself on how awesome he thinks he is, or bashing the people that paid him for his services.

Intentionally steering clients away from game? Running guys into the ground because you don't like them? It is people like the author that give guides and outfitters a bad name. For anyone out there planning a guided hunt, pray you don't get stuck with someone like this

Good book with some good lessons and stories. It's nice to get some insight from a guide. Thank you for sharing your stories.

Great tips from a seasoned guide. The stories are f fantastic and all contain teaching points from the author. Must read for hunters, it is a very quick read.

Being a hunter on a guided hunt myself I can attest to the honesty reflected in this book's content. I would recommend this book to all hunters planning a western hunt, regardless of guided or not.
