Gr 4 Up "This full-color graphic novel portrays the first nine chapters of the book of Genesis, including the fall of Adam and Eve in the Garden of Eden, the story of Cain and Abel, and the tale of Noah and the flood. This book offers a visual introduction to the Bible for young readers, as it includes fragments of the text while avoiding scenes of extreme brutality. Quinn personalizes these biblical characters. For instance, when Adam and Eve have eaten the fruit from the Tree of Knowledge, they quickly get into an argument. When Adam immediately starts to blame Eve she retorts, "Oh, that's so typical of you, always looking to blame others for your own mistakes." The serpent stands out especially as he mesmerizes Adam and Eve. Kumar depicts Adam's and Eve's eyes with neon spirals and uses snakelike text in the serpent's speech bubbles. God is never depicted. Kumar's ark animals are drawn beautifully with more detail than his drawings of people. Overall, his illustrations are more cartoonlike than realistic, which may frustrate some readers. The

volume is appended with a diagram of the first family tree leading right up to the time of Noah. Also included are brief descriptions of further tales from Genesis and a section highlighting different Great Flood myths from other cultures. VERDICT Recommended only as a supplemental purchase for those looking to add graphic novel formats to World Religions collections.â "Lisa Gieskes, Richland County Public Library, Columbia, SC

"Kumar's figures and landscapes are drawn and colored with clean naturalism, laid out in easy-to-follow panels that vary in size and placement. . . Timeless tales retold with a touch less solemnity than usual." â " Kirkus Reviews

The author Jason Quinn take some poetic license to dramatize a few early stories from Genesis: the creation, the fall of Adam and Eve, Cain and Abel, and Noah and the flood. The story telling is simple and readable for a young adult audience. It doesn't depart from the fundamental Biblical story. The artwork by Naresh Kumar is quite beautiful and dramatic as the story. Kumar's artwork knows how to communicate through the eyes of its characters, his setting is as important as the people who populate it, and helps intensify the drama when necessary. Thus, the book excels for its artwork.

Drawings are nice but script is less than desired

A pretty straightforward retelling of the first nine chapters of the Book of Genesis from the Old Testament of the Bible. No religiosity is included and the story is presented in the same way as any ancient "myth" would be told. This graphic novel is best read by non-Judeo-Christians who want to know the "stories" of Adam & Eve and Noah. The book then ends with a few pages summarizing other Old Testament stories of interest then another few pages summarizing other ancient cultures' flood "myths". The story-telling is entertaining however, I found the art to be particularly unattractive and downright ugly at times.
