Home > Crafts & Hobbies > Jewelry & Beadwork > Jewelry

Customer Reviews

Not as informative as I thought it would be.

Quality as expected - fascinating & fun. Well written so I can try some new techniques, like coloring metal with pencils & fixative.

I really like this book because it features several artists, and how they made their designs. It's not an instructional how-to, but the artists provide insight into how they make their jewelry, typical materials they use, what inspired the jewelry. The author is overdue in printing an updated version of this publication. Really smart read.
