Very beautiful travel guide. I wish there was more about villages though, anyone who comes to PL should visit a small town! Nonetheless, for the content that is included, it is well written and easy to read. Amazing photographs and diagrams too. The quality was great too, clean cut pages, durable cover, and nothing was damaged during shipping. I am very content with my purchase.

The Eyewitness series are great books! The feature I find to be the best is all the photos and explanations of what is available to see. They give an overview that I have found the best for each place I have visited for which I have purchased the book. We have bought books for both the USA and Europe. This one is no exception--it is informative and the pictures are great before the trip. They also make wonderful memoirs to remember what you have seen after your trip. I have kept all of them for that reason. I heartily recommend!!

Excellent, would buy again. Helped us to plan our trip and used it for reference once we got there. Very good indeed.

It is helping me plan my trip in October. Think I will carry it with me everywhere.

One of the best guide books I have purchased. Information well presented.

Item as described. On time shipping. Thanks

I love the Eyewitness Guides. Lots of photos and interesting information,
