The Language Of Love & Respect: Cracking The Communication Code With Your Mate

Synopsis

A Revolutionary Solution to the #1 Marriage Problem Why does communication between couples remain the number one marriage issue? "Because," says Dr. Emerson Eggerichs, "most spouses don't know that they speak two different languages. They are sending each other messages in a 'code,' but they won't crack that code until they see that she listens to hear the language of love and he listens to hear the language of respect." Dr. Eggerichs' bestselling book, *Love & Respect*, launched a revolution in how couples relate to each other. In *The Language of Love & Respect*, he presents a practical, step-by-step approach for how husbands and wives can learn to speak each other's distinctly different language "respect for him, love for her. The result is mutual understanding and a successful, happy marriage.

Customer Reviews

Emerson Eggerichs and his wife Sarah travel the country conducting the Love and Respect marriage conferences. Before launching Love and Respect Ministries, Emerson was senior pastor of Trinity Church in East Lansing, Michigan, for nearly twenty years. Emerson received his B.A. in Biblical Studies and M.A. in Communications from Wheaton College and Graduate School. He was later awarded a Master of Divinity degree from Dubuque Seminary, and a Ph.D. in Child and Family Ecology from Michigan State University. Married since 1973, he and Sarah have three adult children. He is the president of Love and Respect Ministries.

Looking forward to ordering another for myself. This one was a recommended gift.

Very good marriage counselling material. However, the two books I received have multiple pages where spots of glue have stuck pages together rendering some words hard to decipher. I'd return them but need them for a young engaged couple so will instead take the time to pull the corners apart and decode the marred words. An unexpected and disappointing hassle.

keep buying to give to friends and family. Best marriage information ever.

It has helped many people but me not so much.

This book will change your life! amazing!

Good product; prompt shipment.

good stuff

love it
