Dawson's Creek: The Official Companion

Synopsis

Created by Kevin Williamson, the man behind "Scream", "Dawson's Creek" is a teen drama about Dawson Leery and his life long friend - tomboy Joey Potter - as they attempt to grow up without growing apart. This guide to the show includes character profiles, interviews, and Dawson's Top 50 films. --This text refers to an out of print or unavailable edition of this title.

Age Range: 12 and up

Grade Level: 7 and up

Customer Reviews

I actually came to this show cold. I had no clue, except the bits and pieces I caught on the WB during reruns. This is truly the "must have" companion to the show, BUT only covers the first 2 seasons. Included are cast profiles detailing the careers of the stars, and character profiles about the backstory of the show, a "who kissed who" table that the ladies will really love, and my favorite: episode summaries, which were extremely useful to me as a writer looking for springboards. I originally bought this book so I could chase down all the wonderful music from the show not covered in the two released CDs. The companion includes complete liner notes for the songs (really just a listing of them per episode) from "Angel" to "Say Goodnight" to "Footloose" to "Only Lonely" it just doesn't get any better. Also in this book are interviews with the crew, like creator Kevin Williamson who based the series on his own memories. NOTE: This guide has been updated through season 4. I have not read it yet, but I'll keep you posted. Cheers.

This has got to be the best Dawson's Creek book. It is a guide-- it has info about every person, character, etc., but it goes farther. It every episode up until the end of the second season. What makes it great is that it has all the episode music, quotes from EVERY episode, interviews with people like Kevin Williamson, places to get info on the internet and TONS of pictures... it has pictures on basically every page. It is great. Go out and get it now!
