Wake Up To Your True Identity: Revealing The Biblical Nationality Of The So-Called African Americans

Synopsis

Have you ever wondered why we, the so-called African Americans, are the most oppressed and unfairly treated people in the Americas? Aside from the obvious color of our skin, which is taught to be an inferior color in this society, have you ever questioned why this country hates us so much? If so, I want you to know that it's not by coincidence that we are the victims of such differential treatment here in America. There is a sound biblical reason for the injustice that has been placed upon both us and our ancestors for the last 400 plus years of living here; and this book explains exactly what that reason is. In this spiritual awakening, Maurice Lindsay takes the so-called African Americans on a biblical journey, revealing to them their history, their heritage, their purpose, and most importantly their identity. This book also reveals the solution that will lead to the complete liberation of the so-called African Americans from their oppressors. All of those who considers themselves to be "African American" or "Black" you should have the courage to read this book. We have been a lost, oppressed, and sleeping people for too long, and it is time for us to awake from our slumber and become who God predestined us to be!

This is THE most amazing and informative book I have ever read! I dare you to read this book and walk away from it unchanged! This book will change your life forever! It is written in such a way that it's easy to follow. Explanations and/or Scripture are provided in abundance. This author leaves nothing unexplained, and once he has explained it and pointed you to the relevant Scripture it all makes so much sense and becomes as plain as the nose on your face. For years I have been reading the Bible and failing to understand much of what it contained UNTIL NOW. Everyone should read this book; no matter what your nationality might be. Everything mentioned in this book is backed up by Scripture and with hidden history that is now coming to the forefront. I believe everyone should read this book because it is history that was not taught to us in schools or universities. It is indeed time for America (ALL of America) to wake up and learn the truth of what has been hidden from the world for far too long! This book, along with many other books of this nature that I have read, have really opened my eyes to the truth of my people. I have a new respect for who the "Black" race is, what we have accomplished, and what our future holds! I am forever changed (for the better) after having read this book!

I would encourage all so-called African Americans in the United States to order a copy of this book. It will definitely change your life. I learned so much after reading it, things I never knew before regarding the history of our people. All my life I've been in church. As a faithful and devoted member of church for the last 25 years, I can truly say that I never heard as much truth preached or taught as I did while reading this book. Wake Up to Your True Identity needs to be in the home of every so-called Negro, for we are beyond a shadow of a doubt the People of the Book (Holy Bible).

I found this book to be one of the most uplifting pieces of literature that I've had the pleasure of reading in an awfully long time...we (all people) especially the "African American"..need to read this book and take into great consideration all that was stated...for to ignore the writings within would be the same as being stepped on by a bully, having that bully lose his or her leg only for you to hand it back to them and lie down and wait for them to step on you all over again!...Now...Get up and let's go!

This book is terrific reading all the way through..The author did a great job explaining where blacks

actually came from and also the lies we have been told our whole lives. I recommend anyone to read this book so you can truly wake up to your true identity. This book has truly opened my eyes because I have been sleep my whole life ...

Wake up and spread this truth. Have no fear....the end is near. It's Yahweh and not your way. May blessings be upon those who listen and act! Peace be unto you.

I highly recommend this book for African Americans who are seeking the truth about their identity. I can remember wondering as a child why every ethnic group had a country, culture and language to identify with except us (African American Negros) as a people. I knew that other ethnic groups had been enslaved and oppressed, but they were able to maintain their identity. Well Black People, we do have a country, culture, and language but it was stripped from us because of our disobedience to the Most High. We were exile and have not been able to get back to the land because of this; however, we will get back all that was stolen and our rightful place in his timing. This book is simple and easy to read and have scriptures and historical information that you can look up to verify yourself. I also recommend viewing Dr. Yehoshua Ben Ephraim You Tube teachings about this subject. He covers the science (DNA) factor in proving that we are who this book say we are. Happy Reading

This book is understanding about our history and the real world. It also helps people understand their existence of color and why such negative things happen towards us or to us or on us. I've been saying all alone that you gotta understand God and his work in order to ask why bad things happen. Black folk have lost the existence of nature and why it is normal to be regular, righteousness. It seems as though black gay people gets mad when they find out their gay friend is now bisexual or straight again. When God made us to be born heterosexual. This book explains the lost of society of original black or African beings on this earth.

I read this and found it to an eye opener on many levels. It provided with answers that I felt needed to be answered. I have both a e-copy and a hard copy. I have asked all of my children to read this book and explain it to my grandchildren because they need to know the truth. I'm encouraging others to read this book to become enlightened. Gods says my people perish for lack of knowledge read and become enlighten. Everyone needs to understand the history that has been rewritten and lies have been told. It is time to stop the slumbering and step into the light.
