## Customer Reviews

Great selection of pictures to choose from.

This book is filled with 54 original, patterns and designs, many are intricate with tiny details some of the animals and patterns have simpler details; all are in a hand drawn style with many having a whimsical touch. This book is made up of mostly animals adorned in floral and/or geometric patterns. You will find 27 animals adorned in floral and/or geometric patterns that include: A horse, Lions, Monkey, Peacock, Parrot, Rhinoceros, Turtle, Dolphin, Penguin, Jellyfish, Cat, Snake, Bunny, Hedgehog, squirrel, Birds, Butterfly, Owl, Elephant, Deer, Bear, and a Tiger. You will find 13 floral

patterned mandalas and 14 other patterns and designs for variety.

- Content:
  - 54 Illustrations printed one per page, the back of each page boasts an uplifting quotes from famous people.
  - Printed on light weight bright white paper.
  - 13 floral pattern mandalas, 27 animals adorned in geometric shapes and floral patterns, Plus 14 other Geometric shape and/or Floral designs for variety.
- Color Mediums:
  - Markers: All my markers both water based and alcohol based bleed through these pages . I t is best to place 2 extra sheets of scrap paper under each page to prevent damage to the next page.
  - Most of the images have tiny details or are completely made up of tiny details so Colored pencils, Ultra fine markers, or Gel pens would be my medium of choice.
  - The mandala picture I colored is colored with water based markers, Triplus Fineliners and Koi Water color brush pens(The package of 6 grey colors) These two markers work well in this book.
  - The cat picture I started to color with Bic Mark it ultrafine markers and I did have one of the markers feather outside the lines a little as I colored.
- Miscellaneous observations:
  - Each illustration is centered on each page and a    space is between the binding and the image, this is plenty of space to use a box cutter to remove one page from this book or to cut the entire binding off.
    - (My preferred way to remove a single page is to use a box cutter and the edge of a ruler to cut single pages out of the book, I usually place a piece of cardboard under the page to make sure I only cut through one page, this only takes a second)
  - The binding is glued, when I bend the book completely backwards the binding actually breaks apart and the pages are easy to remove, but the book will eventually fall apart .
- This book is one of the first two in a series by a new publisher, Zen Galaxy and I am going to watch for future books from this publisher. I like their original designs. Their other book is   Mandala Coloring Book for Adults    which is going to stay in my personal coloring library, this book I intend to donate to a local Assisted Living home. Received a free sample for evaluation and unbiased review.
