## Customer Reviews

While the author gives some good points on on line marketing, the book is nothing more than a long, glorified advertisement for Shopify sales platform. There is a little comparison with a limited number of other sales platforms, but mostly in the content of how Shopify is better or if Shopify is not why the other platform is not a good deal for most people.

This book is brilliant, simple to understand and well organized. I have read a lot of books on this particular topic and I can honestly say this has to be one the best books out there for getting started. The authors did a great job putting this book together and I would highly recommend this book to anyone starting an online business. Also, there are detailed examples and explanations on how to set everything up from beginning to end. Would recommend.

Amazing it will help me a lot to launch my business. Now, I know that by new skills that I have, I will set up a new successful online business. Very organize could really the best guide that I want. All will be customize the existing template and create a completely new website with Shopify. Site which explore our selling products and also a convenient way. It really makes the whole process easier and more efficient way.

This book provides powerful insights on how to be productive in Shopify. If you are looking for making your online business a success through Shopify, reading this book is a must! A very complete guide on how to make money in several different ways on the Internet. I think this book has been informative and has discussed essential things about setting up an online Shopify store. Easy to read and understand.

another reference for getting merchandise to open your own online store

Shopify as I have learnt from this book, is a website through which you can create your own business and trade your products. You will learn how to adopt some strategies and you will also get guidelines on how to interact with the large audience of the internet and know how to effectively market your products and services to them. Great book.

Making business is not easy as that, we need things that would bring us profits. We believe that it would help us to build the stronger business we want . Which complete details that customers wants, not hard to make it. We can get more software and hardware , no limits in business. We can promote anything which require on online business .

This book has given me hope that the vision I have for my business to make a huge impact on the planet can actually happen. I will read this book again and take notes and do a launch of my own. The highest praise I can give something is to simply say that it works. Read the book in a day. It is well organized and full of useful info.
