I bought it because I thought it was sheathed in protective, semi-ridge plastic. It wasn't. It was just a paper city map like any other. There was also a pouch in its container which was supposed to hold a subway system chart. The pouch was empty, no chart.

Perfect map to carry on our New York trip!

I placed small colored dots on the map to organize my outings (they peeled off easily after I was finished). Map is waterproof. We used it every day.
