The reading was good. It was my mistake but I expected to actually read Mark Cuban's writing instead it was another writer that interpreted Mr. Cuban's sayings, actions, and thoughts. Good reading but again I was the one that should have done more research on the article.

This was a Quick read but informative.

Fantastic job of detailing the business and success of Mark Cuban. It's well written and flows great. He has an action packed life in a truly amazing way. I highly recommend this book to everyone. Mark's contribution is inspiring and really makes you appreciate the eccentricities in all of us.

Entertaining book and a quick read, not a very profound book and not explained by Cuban himself. Worth it though.

Great read. Highly recommended this to anyone looking for success in business or life in general. Really enjoyed the book.

My favourite quote from this amazing book is: Get s*** done and stay productive! Mark really inspired me with this book and gave me motivation to really start doing something and not just think about it. He is an expert and this is an amazing ebook!

The man, the myth, the legend. Mark Cuban is the biggest Shark on the tank, and this book shares some of his famous words of wisdom. You will find some of his most inspiration and insightful quotes, with an in depth analysis of each of them and his overall business philosophy. A good book for any fan of Mr. Cuban.

Nice little book to read and worth its money. Not very in depth but still good points.
