Customer Reviews

I love Georgie Shaw and this is, yes again but true, my favorite book to date! While my first impression of some of the characters wasn't great, I soon came to appreciate most of them, wow, real life! Our time with the happy couple is wonderful as they work together on the case and look forward to surviving Max's version of the perfect wedding! I appreciate that Georgie put's her foot down rather than suffering through what should be her special day. We even get invited to the wedding! I really enjoyed the mystery and even in this world of illusion everything felt realistic rather

than over blown including that fact that there were several possible suspects. Even if this is your first Georgie Shaw Cozy mystery, you are sure to love it!

All of Anna Celeste Burke books seem to be available on kindle unlimited, although I think at first I came across her in one of the Happy Homicides anthologies she is in. Also after reading a freebie or something as well, I went and bought every book out, pre-ordered #4 out now and have pre-ordered #5 now. There are blurbs at the start of every book if you want to know about characters, plots and all that. My rating is 5 and 5, everything else is rather up to the personal tastes of each reader. Below is a list of her series, with titles, in order. Try them on ku or buy them in sets or individually as I did; ku is nice, but keeping certain books forever is better.

This story is my first Georgie Shaw mystery, so even though it took me a few pages to discover the people behind the series, I was glad I picked up the book. Engaging, thoroughly amusing, the mystery was well hidden, yet the characters well developed. Georgie Shaw works at Marvelous Marley World and is planning her upcoming nuptials to police Captain Jack Wheeler. They appear to be well suited and are looking forward to their wedding plans and the beautiful honeymoon they both organized. Until Georgie stumbles on the disappearance of one of their "talents" during the filming of a movie. Georgie's boss Mad Max, as he is known, manages to keep his cool and appears quite decent when it becomes time to lend a hand to help some of the wounded. While Jack launches an investigation into the disappearance of Brigit, their film star, they find out more about Brigit's life and the people surrounding her. The situation lends the perfect background to Georgie's wit and curiosity. She loves to play amateur sleuth, and this time, Georgie will be helping the man she loves and plans to marry in a few short weeks. A

review of the tapes from different cameras around the area and interviews with all the right people are no match for this puzzle. Until Georgie makes a discovery...Captivating and lighthearted, this cozy mystery will give you a taste for reading more of Georgie Shaw and the Marvelous Marley World gang.

Another terrific addition to the Georgie Shaw Cozy Mystery Series. There is never a dull moment at Marvelous Marley World!! From Mad Max trying to hijack Georgie and Jack's wedding to temperamental actors to clandestine affairs and secret marriages to cats, there is something interesting and entertaining going on all the time! I was hooked from the beginning! I had the wrong villain picked out. The wrong reason, too. It was definitely a surprise when the dust finally settled. Grab this awesome mystery, sit back, and enjoy all the hijinks occurring at The Cat Factory! Better yet, start at the beginning and read all the books in the series.

I was prepared to be disappointed again, like I was with the first three books, but I was pleasantly surprised. The writing was better. The ending was not rushed and was much better than the ones for the previous books in this series, especially the description of the wedding. Ms. Burke had me with her selection of the processional song, the same one I would love to have played by a string quartet at my wedding if I ever get married again. There was much less space wasted at the end of the book with fillers, recipes and a preview of another book than in the previous three books of this series. Before I had read this book (and I only did so because I had already bought it), I would not have thought I would read any more books in this series when if they come out but, after reading this book, I probably will.

Talk about timely and apropos, here's a Christmas themed murder mystery for you: A Merry Christmas Wedding Mystery, Georgie Shaw Cozy Mystery #4 (Georgie Shaw Cozy Mystery Series) Kindle Edition Georgie Shaw and Detective Jack Wheeler's Christmas wedding gets Georgie's boss Mad Max Marley involved. Georgie visits Max on the set of Marvelous Marley World's newest feature film to ask him not to meddle, just as the movie's leading lady disappears... Georgie and Jack find themselves seeking the missing star? Where she is, how and why she vanished, make this a refreshing whodunit.
