## **Customer Reviews**

Poor grammar and incorrect punctuation are hard to overlook. The stories, however, are good, especially for this particular genre. Three stars

I enjoy reading Amish things. A lot of books just write a story and call it Amish. These were still good stories and I enjoyed them. There were some typos but not many.

Okay, but the stories have so many spelling errors, that sometimes you have to read the sentence a few lines to understand the meaning. The editing of them could have been better.

God is love and He wants all of us to experience love. Each of us has a soulmate chosen by God.

Words left out or in wrong place. Could be my phone messing up. All stories about the same. kinda Interesting tho...

A very good read

Good read.

The stories in this book was very entertaining. I enjoyed the comfort of knowing that i can read them and not worry about any foul language or taking my Heavenly Fathers name in vain. I also enjoyed reading stories that didn't describe any intimacies between two people. Thank you for the wonderful stories.
