Kaplan ACT Strategies For Super Busy Students: 15 Simple Steps To Tackle The ACT While Keeping Your Life Together (Kaplan Test Prep)

Synopsis

The ideal ACT study tool from Kaplan, the test prep experts, created specifically for the busy student who wants to get the highest score possible but is low on time. Today's high school students are busier than ever. Between school, work, extra-curricular activities, family, and friends it is often difficult to find time to study for the ACT. Just because you don't have a lot of time to study for the ACT, doesn't mean you have to sacrifice the high score you want. Kaplan ACT Strategies for Super Busy Students is a comprehensive study tool that gives you the essentials of the ACT to help you streamline your test preparation. Kaplan ACT Strategies for Super Busy Students provides:

- Kaplan's exclusive time-saving strategies
- A full-length diagnostic practice test with complete answer explanations
- Targeted review and realistic practice for every section of the exam
- Preparation for the writing section
- Proven time and stress management tips
- A test-prep checklist

Also included in this updated edition is a customized study schedule based on the results of the diagnostic test, so it is geared specifically for you! Study with Kaplan ACT Strategies for Super Busy Students and you will score higher "guaranteed."

Best Sellers Rank: #945,746 in Books (See Top 100 in Books) #57 in Books > Education & Teaching > Test Preparation > College & High School > PSAT & National Merit #209 in Books > Education & Teaching > Higher & Continuing Education > Test Preparation > ACT #537 in Books > Education & Teaching > Higher & Continuing Education > Test Preparation > SAT

Customer Reviews

With nearly 70 years of experience, Kaplan's ACT products and programs are designed with you in mind. Kaplan's unique combination of the highest quality study materials, realistic testing experiences, and dynamic writers, teachers, and tutors is unrivaled. We have the test prep product

that best meets your needs, from online programs, classroom courses, and small group and one-on-one tutoring, to self-study guides. We even offer advice on paying for college and getting through the admissions process. Kaplan provides advantages no one else can match!

I spent about 4 days searching for the right SAT and ACT books for my busy teenage daughter, books that would hold her interest, have relative questions and tutoring for the test, and be written in an easy-to-understand, concise manner. This book does that. I have read a lot of reviews, as well, and there are some rather rude ones out there, as well as some biased ones. I do not agree that it is impossible to raise your scores, so definitely don't listen to the cynics - it is possible, especially with the "how to read" the questions properly, how to break down questions, etc. This is a good tool.

Purchased for my 15-year-old to prepare for the ACT. It was recommended by a teacher who teaches a class on preparing for the ACT and is recommended because of the STRATEGIES it teaches not just the content that will appear on the standardized test! Though my kid was not thrilled to receive this for Christmas, it was be thrilling to see if her test scores reflect the potential from this guide.

I purchased this for my ACT tutor to work on with her students as an additional workbook. This was used with other course books to give the student extra practice. Contains great info and practice.

I took the ACT twice. I used this book for the first test and got a very good score. This book allows the test taker to choose between many study schedules. This helped me because I was on the Varsity soccer team and high school pep-band which didn't leave me a lot of time to study. This required about 1 hour per day of studying and that was it. I highly recommend this study book to students involved in sports or other activities demanding their time.

Not sure if directly related... but my daughter took ACT and got a 24, she retested after reading this book , got a 29!!Great pointers for her to what to read and how to answer questions.

Love the way this book is organized.

I would recommend this book to anyone with a busy schedule wanting a short summary of the ACT and hoping to study quickly. It offered easy to understand explanations of seemingly difficult

questions. It also gave quicker, more efficient steps to find solutions to math problems. Having it on the Kindle is great for studying on the go and looking back on highlighted tips.

My daughter thought this was the most helpful of the ACT prep books I purchased. The others I ordered were a book of 10 practice tests, as well as books specifically geared toward math and reading. This one gave fast, last minute tips for making it through the test ensuring you are representing yourself and abilities in the best possible light.
