House Of Plants: Living With Succulents, Air Plants And Cacti

Synopsis

HOUSE OF PLANTS is a practical and beautiful guide to how to love and care for your succulents, cacti, tropical and air plants. These indoor plants are handsome, hardy and perfect for urban living - and this book is a comprehensive companion, showing you how to nurture and enjoy these plants, as well as how to stylishly arrange them in your home.Â¿Caro Langton and Rose Ray detail how to look after individual plants, running through the soil, watering, light, food and more. They also show you how to take cuttings to share with friends, make gifts, terrariums and displays, and make these plants part of your life.Â¿Â¿

CARO AND ROSE are designers inspired by the beauty of urban plantlife. They supply high end concept stores and sell their products through stockists in Europe, the US and Australia. They also take commissions to create unusual plant installations for businesses, weddings and events.

Good book, lots of handy hints and well worth the money.

Useful book to a beginner of indoor gardening. Fun ideas and with instructions on how to make them. Would recommend if someone has seen enough inspirations online and wants to get a book for trusted information.

I love this book! Photos are beautiful. Useful information.

Great resource and beautifully put together.

A beautiful book cover to cover with inspiration!

Awesome book!
