Customer Reviews

We recently returned from a one week trip in Seoul (April 2017). This guide was indispensable. It was clear, well-written and well organized. It led us to interesting parts of the city and gave accurate and interesting information. We liked it much better than the Lonely Planet guide which we had also brought with us but ended up barely using at all. (We have used and very much liked other Lonely Planet guides but in this case the Rough Guide wins.) This Rough Guide was small and light enough for us to carry around during the day. We referred to it often. We loved Seoul and had an amazing first time trip.
