Customer Reviews

I bought this for my eleven year old. We bought it for the cantina song, but it includes pretty much all of the scores. He was so excited to play it but it was too advanced for his skill level. It's definitely a keeper and he'll try it later when he's more advanced.

i chose to rate this book 5 stars because it is cool and has all the songs of star wars but some of the songs are very cool and it almost has every theme song like yoda's theme and the most favorite song of some of us is the cantina band and the most favorite thing is playing the songs on the trumpet if you buy it i will know you will like it. so i will recommend it to all star wars fans out there who play the trumpet.!!!

My son enjoys this. Always loved Star Wars. He performs all types of music on trumpet in college

and this is a nice treat. Easy to play and written well.

My son is in middle school ..this is a great addition to his lessons..great book and CD..(single solo,with the sax, and without the sax..)and all together..very well put together.. Thanks again!! "E" (this is good for intermediate,or advanced)

Awesome

Slightly used, but matches description!!

SWEET!!!!

This book has a lot of great tunes and I enjoyed learning them.However, a word of warning: some of the tunes go rather far into the upper register. The Star Wars theme makes a fair bit of use of g above the staff. Younger players may not have the range to play a lot of the tunes.
