Customer Reviews

Don't be misled by the fact that this is a short book: it is packed with everything you need to get you started if studying abroad (OR working with international students). It is well-written & organized and covers not only hard facts but even issues like achieving the correct mind-set and how to avoid stressing out. It was a great choice and I am very happy with it.

This book will be very helpful for my son's upcoming semester abroad. It has a lot of useful tips from mindsets to enjoying the adventure. Very glad I got it
