# Differential Diagnosis Pocket: Clinical Reference Guide (Pocket (Borm Bruckmeier Publishing))

## Synopsis

Format Paperback Revised Ed Subject Medical Diagnosis Publisher Borm Bruckmeier Pub Llc

## Book Information

Series: Pocket (Borm Bruckmeier Publishing)

Paperback: 430 pages

Publisher: Borm Bruckmeier Publishing LLC; 3rd ed. edition (July 1, 2011)

Language: English

ISBN-10: 159103261X

ISBN-13: 978-1591032618

Product Dimensions: 3.8 x 0.9 x 4.9 inches

Shipping Weight: 3.2 ounces (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars 33 customer reviews

Best Sellers Rank: #46,627 in Books (See Top 100 in Books) #49 in Books > Textbooks > Medicine & Health Sciences > Nursing > Reference #56 in Books > Reference > Encyclopedias & Subject Guides > Medical #58 in Books > Medical Books > Nursing > Reference

## Customer Reviews

Format Paperback Revised Ed Subject Medical Diagnosis Publisher Borm Bruckmeier Pub Llc

Great for a Medical Student or Intern on their IM rotation. Helpful in quickly pulling up differential diagnosis that you may have forgot about or just can't remember. Makes you sound really smart on your presentations that you could think up so many different diagnosis (and then of course either rule them in or out). Bottom line, not necessary, but really helpful

This was so unhelpful. Half the time you can't find the topic you're looking for. The other half, you end up with a list of 40 things in your differential. Not helping me narrow it down much.

Not sure this was what I was expecting. May change rating after I've had a chance to use it more. So far...kind of vague IMO

The pros: great pocket size, comprehensive differential diagnoses. The cons: organization is not always aligned with normal clinical practice, the comprehensive nature of the ddx lists is overwhelming and does not focus on likelihood or epidemiology.

Great little pocket book. Light to carry. Hard to find some simple things sometimes and index is very limited. But, overall I like it and would buy it again.

Great

As a new FNP, I use this resource in clinical practice a lot! It is very helpful.

Great book for med students and interns!
