A History Of The Modern World Volume 1

Synopsis

As the new title reflects, Palmer's A History of Europe in the Modern World maintains its well-established historical authority, while focusing more specifically on Europe's prominent role in modern global exchanges, nation building, transnational commercial systems, colonial empires, and cultural transitions. Combining concise accounts of specific nations and national differences with a wide-ranging, comparative analysis of international events, this updated edition of a classic text carefully examines the whole modern history of Europeans and their perpetually changing societies.

Customer Reviews

Renting digital version for school. I wouldn't advise this if you have bad eyesight and don't own a tablet. For copyright purposes, you can't read it on your computer, only a phone or tablet. If you read on your phone, you can't resize the font to make it any bigger. The letters are larger on a tablet, but just large enough for people with OK eyesight. If you have bad eyes, I don't recommend this.

Interesting book on Europe's history.

Basic text book...dry

Good Product

I know not all the books are like this but mine came with 8 pages that had the bottom portion cut off

It would be wonderful if you could have text-to-speech enabled.
