Herge, one of the most famous Belgians in the world, was a comics writer and artist. The internationally successful Adventures of Tintin are his most well-known and beloved works. They have been translated into 38 different languages and have inspired such legends as Andy Warhol and Roy Lichtenstein. He wrote and illustrated for The Adventures of Tintin until his death in 1983.

I bought this book to supplement my learning of the German Language. It is a wonderful adventure of Tim, Struppi and Captain Haddock off to see if Tim's friend Tschang is still alive or not after a plane crash in the Himalayas The illustrations are a delight to behold. Herge was a genius at capturing nuance in a few strokes.

One of my goals is to have copies of Tintin books in as many languages as possible in my classroom, so that no matter where a student comes from, they can feel welcomed by having a great book in their home language.
