Twin Sisters Productions is a leading producer of educational music resources for children and families. The award-winning product line includes lullabies, classical music, original relaxation music, preschool and early childhood learning, reading readiness, math, foreign languages, social studies, science, musical plays for the classroom, inspirational music...and more.

I bought this for my 5 year old who is having some trouble with phonics and writing. She loves doing this workbook and the activities are relevant and varied. They are what I would expect my daughter to do in her own kindergarten class. The CD is an added bonus although I'm not sure of the

educational value of the CD itself. It is entertaining though for a child's CD. Overall, this was a good buy.

I bought this for a friend to go along with the hooked on phonics pre-k set. He likes to sing along with the songs but doesn't like the workbook. This set isn't for pr-k or K children. I would not recommend this to other parents.

Excellent workbook and CD. Twin Sisters and School Zone phonics workbooks are better than all others.
