This was a great book for my Disney-loving Uke-playing self. It reads easily with tabs above each chord change. I'm a beginner, so this is necessary for me at this time. My only complaint is that one or two songs require a page turn, which is difficult when both hands are occupied with, you know, playing the ukulele. I would love to see a sequel or two to this one! More songs, more movies covered!

Circle Of Life Can you feel the love tonight Beauty And The Beast Alice in Wonderland You've Got A Friend In Me Bibbidi-Bobbidi-Boo (The Magic Song) Breaking Free We're All In This Together Supercalifragilisticexpialidocious Chim Chim Cher-ee A Dream Is a Wish Your Heart Makes Give A Little Whistle Heigh-Holt's a Small World Mickey Mouse March Some Day My Prince Will Come When You Wish Upon A Star Whistle While You Work Who's Afraid Of The Big Bad Wolf? Zip-A-Dee-Doo-Dah

Just because you can analyze the chord structure of a popular Disney song and notate it doesn't mean the songs are playable with any sort of ease! A better approach would have been to harmonize the simplified versions to play on the ukulele. The appropriate colored cover of the album drew me in. Good collection of songs, though. They're easier to fake on the piano than to play the uke chords.

I simply love all the songs in this book. I got the kindle version which I think works just fine, if you can I would buy the digital copy - it'll never fray and it will always be an easy reference to pull up.

Ukulele should be strung to a low G to play all of these songs. Loves the book and the songs. I just had to change that one string.

A little too complex for my daughter. (she's 12 and a beginner). No strumming pattern shown and no notes labeled. Just regular type sheet music. May not be a problem for most, but it was for her.

full musical notation, only has chord tablature so you need to be able to read music, cute songs, large print, all in all a good purchase for those just starting out.

Nice
