Inside: Architecture And Design: A Guide To The Practice Of Architecture (what They Don't Teach You In Architecture School)

Synopsis

Architecture school and internships donâ ™t teach you what you need to know about being a real architect. Go inside the practice of architecture and learn what they donâ ™t teach you in architecture school. Inside are answers to all of the questions you are too afraid to ask.From getting your first job, to the construction of your first design, inside: Architecture and Design will walk you through, step-by-step, in what being an architect is really like. You donâ ™t need to worry about looking like you donâ ™t know what you are doing, nor do you need to learn the hard way, this book will guide you.

Customer Reviews

This book is really a handbook to getting your career started in the profession of architecture. It beautiful explains all the information that an entry level architecture graduate needs to know about the inner workings of the profession and an architecture firm.I wish I read this right out of college, the majority of the knowledge contained inside this book is information that I often learned the hard way. Or many years later while studying for the Architecture Registration Exam.Ryan Hansanuwat

does a beautiful job of calling the kettle black. I thoroughly appreciate how real, transparent and honest he comes off in this writing. Architecture can be a challenging profession, but it can also be extremely rewarding to those who choose to stick with it.

thx, its very helpful

inside: Architecture and Design: A guide to the practice of architecture (what they don't teach you in architecture school) What They Didn't Teach You In Photo School: The secrets of the trade that will make you a success in the industry (What They Didn't Teach You In School) What They Didn't Teach You in Art School: How to survive as an artist in the real world (What They Didn't Teach You In School) What They Don't Teach You In Business School: Real-World Sales And Service Skills You Need To Win And Wow Clients!
