Barrier-Free Travel: A Nuts And Bolts Guide For Wheelers And Slow Walkers, 3rd Edition

Synopsis

Now in its third edition, Barrier-Free Travel is essential reading for every traveler with mobility limitations. With over 100 new photographs and updated travel rules and regulations, effecting access outside of the US, this book contains essential, thoughtful, and reliable information- not just common-sense tips. Barrier-Free Travel gives readers the tools and resources to prepare for both the expected and the unexpected. It covers everything from the logistics of air travel and how to protect your wheelchair in flight, to how to find an accessible hotel room. Also included, are extensive chapters on cruises and accessible shore excursions- with contact information for foreign tour operators who are able to provide them. Barrier-Free Travel provides valuable information that will ensure travelers with mobility limitations spend their time creating meaningful memories.

Customer Reviews

Candy B. Harrington - Known as the guru of accessible travel, Candy Harrington has covered accessible exclusively for the past 15 years. She the founding editor of Emerging Horizons and the author of There is Room at the Inn: Inns and B&Bs for Wheelers and Slow Walkers and 101 Accessible Vacations: Travel Ideas for Wheelers and Slow Walkers. Candy is also a contributing author to Kids On Wheels, a resource guide for wheelchair-using kids and their parents. Her work can be found in disability-related magazines including New Mobility, PN, Ability, Momentum, SCI Life, Kids on Wheels, Active Living, Abilities and Arthritis Today, as well as mainstream publications from the Dallas Morning News to Transitions Abroad and niche titles such as Wheelin Sportsman and Stroke Smart. She the resident expert on accessible travel for TravelAge West and provides regular content for websites such as Disaboom. BootsNAll and Rezoom. Harrington also pens

consumer-focused accessible travel columns for Special Living, Travel World International, Frommers. com and Trips and Getaways.

has dropped to new levels of depravity. It lies about the edition of a book with exceptional time sensitive and vital information for people in wheelchairs!! i almost paid the full price (\$9.99) for a Kindle book that is 4 years out of date in a field that is making progress and major changes monthly. lies about it being the 3rd edition when it is listed lower on the page the cw date is 2008. the third edition (cw2012) is not available on kindle, so they tried to slip this through. even in the intro the author comments that it is the 2nd edition.i plan on moving my reading to Barnes and Noble so i can be sure they don't lie to me.'s concept to become the website to buy everything one needs was greeted by some serious doubts that their original focus on books would suffer. i expected it to. however, i NEVER expected to be lied to in such a fashion. shame on you . this is simply disgraceful.

slightly outdated information

Already knew a lot of what's in here.

great information, helpful hints especially for the newer traveler. I found many parts were helpful and many levels of travel, injury levels could use some of the advice and help in this book.

This is a comprehensive resource for travelers with compromised abilities. I found it informative and extremely helpful in planning extended travel away from home. I can recommend this book without (or with) reservations. Travel on!

Interesting book with helpful ideas. Should help eliminate or at least handle potential problems when I travel. This is information that I have not found else where.

for those in wheelchairs

this book delivers what its title advertises. don't leave home without using this book to plan any of your trips.
